RECOVER

2 Recover Collection recreates a natural stone of great variation among its pieces in three striking tonalities – ivory, vison and grey – that will provide a very natural effect with a contemporary touch. Brave, however, takes its inspiration from concrete slabs yet it allows a very subtle variation among its pieces in order to tone down the roughness of concrete in its three elegant colour variations – grey, vison and ivory.

La colección Recover recrea una piedra natural de gran variación entre sus piezas en tres impactantes tonalidades - marfil, visón y gris - que proporcionarán un efecto muy natural con un toque contemporáneo. Brave, sin embargo, se inspira en un cemento moderno que cuenta con una variación muy sutil entre sus piezas para atenuar el contraste en la superficie del hormigón en sus tres elegantes variaciones de color: gris, visón y marfil.
