Giacomo Zucchi è un giovane designer italiano (Omegna 1977) che ha ricevuto prestigiosi riconoscimenti in tutto il mondo. Cresciuto nell'area del "Cusio", famosa culla industriale di molte importanti aziende italiane produttrici di articoli casalinghi e rubinetteria, si Diploma in Disegno Industriale al Politecnico di Torino nel 2001. Inizia il suo percorso professionale disegnando collezioni per la storica azienda italiana Lagostina (strumenti per la cottura e accessori per la tavola) con cui riceve i premi Reddot Design Award (Germania 2009), Good Design Award (Chicago Athenaeum Museum 2009) e Good Design Award (JPD, Giappone 2009).

Nel 2011 riceve il "Cavalierato giovanile", premio patrocinato dalla Presidenza della Repubblica Italiana, come riconoscimento per essersi distinto a livello internazionale e come testimone del talento italiano. Lo stesso anno si trasferisce in Francia presso la multinazionale francese SEB (Tefal, WMF, Rowenta, Moulinex), dove collabora con un Team internazionale di designer e dove, lavorando a stretto contatto con la Direzione Strategica Internazionale di prodotto, approfondisce le tematiche di Strategic Design, Project Management e Product Innovation. Durante l'esperienza francese riceve l' "Etoile du Design" a Parigi (2014) grazie ad un progetto di coltelli in ceramica innovativi e, a Monaco di Baviera, riceve l' "IF Design Award" (2017) con la collezione per cucina "Experience by Tefal".

Giacomo Zucchi is a young Italian designer (Omegna 1977) who has received prestigious awards all over the world. He grew up in the area called "Cusio", in the northwest, famous industrial cradle of many important Italian factories in the household and bathroom product category. In 2001, he took his Degree in Industrial Design at the Politecnico di Torino and he started his professional career drawing collections for the historic Italian company Lagostina (cookware and tableware) with whom he received the prizes Reddot Design Award (Germany 2009), Good Design Award (Chicago Athenaeum Museum 2009) and Good Design Award (JPD, Japan 2009). In 2011, he received the "Cavalierato giovanile", an award sponsored by the Presidency of the Italian Republic, as recognition for having distinguished himself at international level and as a representative of Italian talent. The same year he moved to France joining the French multinational SEB (Tefal, WMF, Rowenta, Moulinex), where he collaborated with an international team of designers and where, working in close contact with the International Product Strategic Management, he deepened the knowledge of Strategic Design, Project Management and Product Innovation. During the French mission, he received the "Etoile du Design" (Paris 2014) thanks to a project of innovative ceramic knives and in Munich, he receives the "IF Design Award" (2017) with the "Experience by Tefal" kitchen collection.

LONDON

FUSION OF CLASSICAL DESIGN AND A SLEEK MODERNIST AESTHETIC.

Boasting both flair and imagination,
this Barroco inspired series binds bronze,
gold and copper plated faucets
with distinctive insert features such as crystal,

able to withstand high friction that occurs
with changes in water temperature,
and all the while adding a unique touch to your home.
